for East Africa

REN21 contracted ASD in 2016 to develop an *EAC Renewable Energy and Energy Efficiency Status Report* to showcase policy patterns and investment opportunities in the region.

OVERVIEW

Having extensive knowledge and experience in the region, ASD reviewed the current draft of the report, identified data gaps, closed those gaps and produced an updated draft of the EAC report based on existing data and complementary research and analysis.

The EAC final document *EAC Renewable Energy and Energy Efficiency Regional Status Report* can be found [HERE](#).
