▷ Proposal Evaluation

ASD provided assistance to the United Nations Foundation (UNF) in the evaluation of proposals received in response to a *Request for Proposals (RFPs)* under the SE4ALL Energy for Women and Children's Health Initiative.

OVERVIEW

This project required ASD to review proposals (bids) to the RFPs issued by UNF in January 2016, for the 'design, supply, installation and maintenance of sustainable solar solutions for health facilities in Ghana and Uganda'. All bids were graded and ranked. Alongside quantitative marks, ASD provided UNF with qualitative insights through detailed written feedback on the bids.
